

ALWAYS A STEP AHEAD

Discover our latest innovation, the data collector Wi-care™ PURE, and our complete Wi-care™ product range. Taking care of your assets will be better, faster and easier than ever before!

● PLUG, DIAGNOSE, SOLVE

● BEST-IN-CLASS

● EASY AND INTUITIVE

● ALL TYPES OF ASSETS, ONE CLOUD PLATFORM

● CREATED BY MAINTENANCE EXPERTS FOR MAINTENANCE EXPERTS

BENEFITS:

- Quality Vibration Measurements—velocity and acceleration
- I-DNA Measurements for bearing and gear defects
- Single and triax measurements
- Control multiple sensors with a single button push
- Robust industrial design
- Supported by the cloud-based I-see™ platform
- Common database/tools for portable and wireless monitoring

MANAGE INDUSTRIAL RISKS BY PREDICTING THE UNPREDICTABLE

FINANCIAL RISKS

- Increase productivity
- Life cycle cost management

QUALITY RISKS

- Lower process variability

SAFETY RISKS

- No asset related accident

ENVIRONMENTAL RISKS

- Lower CO2 emission
- Longer meantime between failure
